If your camper loves competitive sports and wants to be challenged by a higher-level coaching experience, then our Instructional Sports physical fitness track is the choice for you!

Our Program will emphasize developing the complete athlete through exposing them to a variety of sport disciplines and progressive skill sets, games and athletic contests that will establish an athletic tool kit to benefit them on the field, court or any athletic arena.

"We believe that learning to play the game is only half of the equation; the value of teaching children teamwork, fair play and good sportsmanship goes beyond the game which is emphasized in our coaching character and team-building programs."
